## "We All Like to Win"

We all like to win  
We all like to win  
Nobody ever likes to loose  
We all like to win

So when you try something new  
This is what you can do  
Learn it well  
So you don't fail  
Cause we all like to win

I wanna succeed (repeats)  
I need to succeed!

We all like to win  
We all like to win  
What you choose  
Makes you win or loose  
And we all like to win

I wanna succeed (repeats)  
I need to succeed!

We all like to win  
We all like to win  
Nobody ever likes to loose  
So help a friend  
So they can win  
Cause we all like to win

## "A Goal"

A Goal is...  
Something you want to achieve  
You can if you work and believe  
A Goal is...  
That person that you can become  
No matter where you're coming from  
A Goal is...  
A mountain that you wish to climb  
The top you may reach it sometime  
It's a dream...

Like Chocolate ice cream!  
Ice Cream?  
Then you'd better exercise

Okay. I want a mountain bike  
That's a goal.

I'm beginning to like these goals.  
I want...  
Lots of friends, money to spend  
A candy machine, a trampoline  
I want to be strong, write a song  
Be a professor, a cool dresser  
Be an artist  
Be the smartest  
Create something great  
Be President of the United States

A Goal is...  
A mountain that you wish to climb  
The top you may reach it sometime  
But it's tall  
So you've got to start small

Get an "A" on my test  
Eat healthy  
I've got new goals

## "Do What You Do When You're Doing It"

With a job to do  
Don't ruin it  
Do what you do  
When you are doin' it

Checking out my phone  
Reading text and tweet

Then you won't see the truck  
Speeding down the street

(CHORUS)  
Do what you do  
When you're doin' it  
Do what you do  
When you're doin' it  
Do what you do  
When you're doin' it  
Just do it

Any baseball star  
Will tell you that  
Keep your eye on the ball  
When you swing the bat

(REPEAT CHORUS)

Your mind in class  
Do not let it stray  
Then when you take a test  
You may earn an "A"

(REPEAT CHORUS)
