To Whom It May Concern:

It is my pleasure to recommend Razzle Bam Boom for performances at your performing arts facility. I have been working with this duo for two years and have been very pleased with the quality of their work. When they last appeared here at the Orange County Performing Arts Center, the Los Angeles Times described their performance as "outstanding." As assembly and workshop artists on our "From The Center" roster they are in very high demand, performing over 230 times for local schools and organizations.

Razzle Bam Boom brings quality music and highly entertaining content to all of their performances. Their engaging songs and humorous material always elicits laughter and smiles from audience members young and old. I consistently receive positive feedback from audiences after a Razzle Bam Boom performance.

I would be happy to answer any questions you might have about working with Razzle Bam Boom. I can be reached at the Orange County Performing Arts Center at 714-556-2122 x4586.

Sincerely,

Jason Holland
Manager, Education Programs
